

## First Aid Online Training Course - \$60

### Approx. time for completion: 5 hours

Upon successful completion students are issued with a **certificate of completion for Online First Aid**.

Our online first aid course is designed to help you better understand the theories and practices. This course would be suitable as a refresher between annual face-to-face trainings or for first responders looking to improve their knowledge and skills.

**This course is not accredited and does not meet the requirements for a certificate in first aid for the workplace.**

In order to obtain an accredited certificate, you must be assessed in the practical competencies of First Aid by a trainer/assessor during a face-to-face course.

### Course Details

- Online Theory Training
- Online Videos
- Online Multiple Choice Questioning

Once enrolled, the student will receive a login, password, and web link via email for the online course.

**In order to complete this course, you'll need access to a computer, internet connection, speakers (or ear phones), and the [latest version of Adobe Flash](#) (free download) to view the online course.**
