

## Asthma & Anaphylaxis Training - \$55

### 3hr course

This course is designed to educate individuals on how to control **asthma and anaphylaxis from intervention, identification, treatment and management of an emergency**. This training meets the new legislative standards as set out by The Ministerial Council for Education, Early Childhood Development and Youth Affairs.

### Certification

On completion of this course students will receive the following certificates valid for three (3) years, issued by Training Aid Australia (RTOID 91411):

- **22024VIC Course in the Emergency Management of Asthma in the Workplace**
- **22099VIC Course in First Aid Management of Anaphylaxis**

### Pre-study Online Training

All students must complete the online pre-study training program which has workbooks, manuals and videos to support the learning program, **prior** to attending the face-to-face component of the course.

Online training takes approx. 1 hour per workbook and there are 4 workbooks to complete. When completing the enrolment form, students are able to set their own username and password for online training and commence their study immediately.

If you have completed asthma & anaphylaxis training in the past or this is a refresher course, the pre-study should not take 1 hour per workbook.

### Who should undertake this course?

In a move to improve emergency response training in early childhood education institutions, new legislation specifies that there must be a staff member onsite at all times with current accredited Asthma, Anaphylaxis and First Aid training. Training should be renewed annually to maintain staff skills in the workplace.

This course is designed to educate individuals on how to manage the risk of anaphylaxis in the workplace and includes training for prevention, management, treatment and intervention.

This unit applies to work in a wide range of settings where emergencies involving asthma attacks or anaphylactic reactions may occur, such as:

- Childcare
- Education
- Aged and community care
- Sport
- Tourism
- Hospitality
- Industry enterprises and other environments.

### Group Training

We deliver training for groups in our [Sydney Training Centre](#) or we can come to you and provide in house training at your location. By completing a group training enquiry or [booking form](#), we'll supply you with the best quote we can provide.

## Custom Training Program

If you would prefer Training Aid Australia to come to your workplace and deliver a combination of courses to up skill staff, please [contact our office](#) and speak to one of our customer service team members and we'll design a custom course to cover all your training needs. This could include: [CPR](#), [First Aid](#), and/or [Asthma & Anaphylaxis](#).

## Course Training
